Management Discussion and Analysis

1. OVERVIEW:

Trejhara Solutions Limited ("Trejhara") financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Companies Act, 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other provisions of the Act to the extent notified and applicable. The management of Trejhara accepts responsibility for the objectivity and integrity of these financial statements, as well as for various estimates and judgments used therein. The estimates and judgments relating to the financial statements have been made on a prudent and reasonable basis in order that the financial statements reflect in a true and fair manner, the state of affairs and operations. The forward-looking statements contained herein are subject to certain risks and uncertainties, including but not limited to the risks inherent in the Company's growth strategy, the external economic and business environment, and other risk factors stated in this report. The readers are cautioned not to place undue reliance on the forward-looking statements, which reflect Trejhara management's analysis only as on date hereof.

2. TREJHARA – BUSINESS UPDATES AND REALIGNMENTS

Trejhara stands at the cusp of a significant transformation, having completed the important milestone of amalgamating LP Logistics with the Company. This marks the culmination of a strategic journey initiated two years ago, when the Board decided to focus on the rapidly growing logistics sector—an area where Trejhara possesses strong technological capabilities and a deep understanding of industry dynamics. In line with this strategic pivot, non-core businesses were divested, enabling the Company to develop a robust profile as an end-to-end logistics solutions provider with comprehensive capabilities under one roof.

The next phase of growth will centre on consolidation, with Trejhara strengthening its position in existing markets while expanding into new geographies through organic growth, acquisitions, and strategic partnerships. In addition, Trejhara aims to broaden its presence across the wider logistics ecosystem and into allied and complementary sectors where its

logistics expertise can create meaningful value. With strong market conditions and a healthy financial position, Trejhara is well poised to enter a phase of sustained, long-term growth.

3. DEVELOPMENTS IN THE EXTERNAL ENVIRONMENT INDUSTRY TRENDS AND DEVELOPMENTS:

The global logistics sector continues to expand steadily, with the market valued at approximately USD 7.98 trillion in 2022. It is projected to reach nearly USD 18.23 trillion by 2030, representing a CAGR of 10.7% during 2023–2030. Growth is driven by the e-commerce boom, globalization, demand for faster delivery, and technological advancements like AI and IoT, while challenges include infrastructure gaps and high logistics costs. The Asia-Pacific region is a key growth area, and third-party logistics (3PL) providers, especially those using road transport, currently lead the market.

The Asia-Pacific region remains the largest and fastest-growing logistics market worldwide, supported by strong manufacturing activity, cross-border trade expansion, and continuous modernisation of supply-chain infrastructure. Adoption of advanced technologies—such as automated material-handling systems, GPS-enabled fleet management, and biometric-driven security solutions—is enabling logistics companies to enhance efficiency, reduce lead times, and improve overall service quality across the region.

In India, the logistics sector plays a pivotal role in national economic development and employment generation, supporting the livelihoods of over 22 million people. The industry is expected to create nearly 10 million additional jobs by 2027, underscoring its importance as a core driver of inclusive growth. As a foundational enabler of trade, manufacturing, and commerce, the sector is integral to India's long-term aspiration of achieving scale, competitiveness, and sustainable economic progress. According to a study by a leading agency, the Indian logistics market was valued at around USD 250 billion in FY 2024. India has also demonstrated significant improvement on the global stage, rising six positions to rank 38th out of 139 countries in the World Bank's Logistics Performance Index (LPI 2023).

Within the domestic logistics ecosystem, transportation continues to dominate, with road transport accounting for nearly 66% of the total cargo movement by tonnage, followed by the railway network. This reliance on road logistics highlights the importance of ongoing investments in highway corridors, multimodal connectivity, and technology-led fleet optimisation.

The global SCM software market is expected to reach a compounded annual growth rate (CAGR) of 9-11% in the upcoming fiscal years. This growth is fuelled by businesses' need for enhanced visibility, efficiency, and agility in their supply chain operations by constantly focusing on innovation in SCM software solutions and delivering cutting-edge software solutions for seamless management of entire supply chain.

The Companies are increasingly investing in SCM software to drive digital transformation. The integration of advanced technologies such as artificial intelligence (AI), Internet of Things (IoT), and block chain is enhancing the capabilities of SCM software. The Cloud-based SCM solutions are gaining traction due to their scalability, flexibility, and cost-effectiveness.

4. TREJHARA BUSINESS OFFERINGS:

Trejhara specializes in providing comprehensive supply chain management (SCM) software solutions designed to optimize and streamline the end-to-end supply chain process. Our offerings cater to various industries, including manufacturing, distribution, freight forwarding and logistics, aiming to enhance operational efficiency, reduce costs, and improve overall supply chain visibility.

Our products are designed to help organizations enhance their digital presence and improve customer experiences through interactive presentations and robust offline analytical capabilities. We tailor our solutions to meet the specific needs and objectives of our customers, partners, dealers, and agents.

SCMProFit – Our software allows you to streamline and enhance your logistics operations by improving efficiency and optimizing working capital. This will take control of your supply chain by streamlining and enhancing your logistics operations and gain an edge over competitors. SCMProFit product suite, with its integrated dimensions of supply chain visibility, control, collaboration and execution delivers a simple solution to optimize efficiencies and create a seamless supply chain.

Our offerings are designed to address a range of needs, including warehousing, freight forwarding, project logistics, manufacturing, distribution, supplier collaboration, and visibility. We aim to help organizations build a sustainable logistics and supply chain framework.

Our Offerings

Freight Forwarding – Through SCMProFit solution the freight forwarders can manage complete end-to-end execution from booking to billing. The solution caters to all multimodal shipments across the globe and is integrated with warehouse management and order management modules to enhance the scope of end-to-end operations. The solution also helps to derive the profitability at shipment, customer, and business unit level.

B2B Warehousing – SCMProFit has created an integrated warehouse management system which comprises various modules that can be independently deployed.

Project Logistics – Project Logistics has been streamlined through adoption of digital logistics platform. With the aid of SCMProFit solution, project logistics and off-shore inventory are managed accurately. It provides modules for planning, execution, order management, storage and exception management for different project sites.

Returnable Supply Chain – Our platform automates asset tracking, reporting, and documentation processes, saving customers time, and reducing errors. Customers gain real-time visibility into the location, status, and condition of their returnable assets throughout the supply chain. With instant access to accurate data, they can make informed decisions, optimize inventory management, and enhance operational efficiency.

Transportation & Distribution – Our SCMProFit solution helps in planning the most efficient routes considering factors like distances, traffic conditions, vehicle capacity, and delivery time windows to optimize routes and minimize costs. It allows users to select carriers based on predefined criteria such as cost, reliability, and service level agreements by facilitating bidding processes to choose the best carrier for each shipment.

E-commerce & Fulfilment – SCMProFit solution enables workflow customization and strategy configuration to automate accurate stock allocation, label printing for various last-mile delivery providers, location autosuggestions for picking, customized packaging, expedited quality control, and seamless handover to the last-mile delivery process.

Vaccine Supply Chain - Our vaccine distribution platform enhances performance by ensuring vaccines are delivered in optimal VVM conditions, on time, and at the right place. It supports evolving immunization programs and crises with innovative supply chain strategies and technology for a more efficient distribution system.

Manufacturing - SCMProFit's supply chain visibility, provides a platform to connect key entities in the supply chain. It improves supply chain visibility and helps set up control points thus having a direct impact on efficiency and service levels.

5. OPPORTUNITIES AND THREATS:

The demand for logistics services and solutions within the logistics ecosystem is experiencing rapid growth, driven by the escalating movement of goods and services across the globe. This surge is fueled by multiple factors, including the booming e-commerce sector and increased globalization. For Trejhara, this trend is highly promising, as the company has already developed robust supply chain management solutions. With plans to foray into the logistics business through a proposed merger with a leading logistics player, Trejhara is strategically positioning itself as a comprehensive end-to-end logistics service provider. This move will establish Trejhara as a formidable player in the industry, well-equipped to capitalize on the vast market opportunities that lie ahead.

The Indian supply chain management (SCM) sector is witnessing rapid evolution, creating substantial growth opportunities. As industries expand and modernize, the demand for advanced SCM solutions continues to rise. Trejhara is at the forefront of this transformation, delivering innovative products and cutting-edge digital tools designed to enhance the operational efficiency of businesses. Our solutions are tailored to meet the evolving needs of the market, empowering companies to streamline their supply chain processes and drive sustainable growth.

Trejhara's supply chain enablement solution has gained significant traction across both small and large-scale industries in recent years. Recent global disruptions have highlighted the critical need for resilient supply chains, driving companies to invest in seamless software solutions that offer enhanced visibility, flexibility, and responsiveness.

The Indian supply chain management (SCM) software segment is set to continue its strong

momentum towards digitization and automation. In response to recent technological advances and evolving market demands, Trejhara is committed to investing in innovative solutions that elevate our software capabilities. Our focus will be on seamlessly integrating emerging technologies, enhancing automation processes, and delivering unparalleled supply chain visibility and resilience. With the market for our offerings expanding rapidly and demand on the rise, Trejhara is strategically positioned to capitalize on these opportunities and achieve robust growth in the coming years.

6. RISKS AND CONCERNs:

The chief risks and uncertainties facing the company's business include:

- The escalating geopolitical tensions and ongoing conflicts between certain nations have caused significant disruptions in global supply chains, leading to substantial challenges in international trade. If these conflicts persist or similar geopolitical events arise, they could pose severe threats to global trade, potentially destabilizing the logistics industry worldwide. The sustained volatility in supply chain dynamics and trade routes could result in increased operational costs, delays in delivery, and heightened risks for logistics businesses, thereby impacting their ability to maintain smooth and efficient operations across borders.
- The Company remains exposed to risks arising from global tariff wars and geopolitical uncertainties, which may disrupt supply chains and create volatility in trade flows. Prolonged or unexpected shifts in tariff regimes, import/export restrictions, or cross-border tensions could impact the movement of goods, increase operating costs, and affect demand within the logistics sector. Such external factors may lead to short-term uncertainties in business volumes and operational planning until stability is restored.
- Operating across multiple geographies—including the Middle East to region-specific regulatory regimes, licensing requirements, customs compliance, and geopolitical developments. Any adverse regulatory changes, delays in approvals, or heightened geopolitical tensions could impact operational continuity, trade flows, and profitability in key markets.

- As part of its strategic transformation, the Company is pursuing selective acquisitions through a dedicated joint venture. While these initiatives are expected to unlock significant operational and commercial synergies, they inherently carry integration risks relating to cultural alignment, operational consolidation, technology integration, customer retention, and harmonization of processes. Effective governance, robust transition planning, and disciplined execution will remain critical to mitigate these risks
- Keeping pace with a rapidly advancing technology landscape: The technology landscape is evolving at a rapid pace, and digital technologies are fast gaining adoption. The digital consumer is leading this change. For Trejhara to maintain its ability to stay competitive in the marketplace, we need to invest significantly to keep our offerings and talent in alignment with market and client expectations. All industry players face the same challenges. Customer attrition and failure to attract new business may result if Trejhara is not able to maintain its current level of innovation and product and service level execution. Trejhara aims to adopt a positive and proactive stance by doing two things – firstly, by launching newer, more relevant product offerings to market and secondly, improving upon its customer-centricity to be the partner of choice in areas such as digital innovation and Cybersecurity.
- Attracting and retaining talent is critical for any organization. Trejhara's success hinges on our ability to attract and retain top talent and leadership. The departure of key personnel, particularly to competitors, could significantly affect our business operations. To mitigate this risk, we implement a risk-reward model for our senior management and managers, providing additional incentives to align their efforts with the company's objectives and drive our strategic goals forward.
- In an increasingly digitised world, businesses are exposed to various security threats, particularly concerning IT security and cyber security. Such risks, if they materialise, have the potential to impact service continuity for customers and cause other disruptions that can attract huge costs. The incidents of cyberattacks have increased multifold, and businesses are required to recognise these risks and devise response strategies to deal with the same. At Trejhara, the management

regularly reviews such risks and has put in place the necessary framework to mitigate them.

- Increasing competition: The SCM software market in India is intensely competitive, with a wide array of local and international players. To stay ahead, Trejhara must continually innovate and differentiate itself. The company encounters significant competition from formidable competitors aiming to capture a share of Trejhara's customer base. To navigate this competitive landscape effectively, Trejhara's strategy focuses on delivering an outstanding customer experience. By closely aligning with customers' business objectives and striving to surpass their expectations, Trejhara aims to build strong, lasting relationships and secure its market position.

7. RESEARCH AND DEVELOPMENT:

During the year, the Company's R&D activities were aligned with its broader transformation into a fully integrated logistics platform following the recent merger and consolidation initiatives. The focus remained on harmonising diverse systems, developing unified digital workflows, and strengthening proprietary technology assets across transportation, warehousing, and last-mile delivery. Efforts were directed towards improving automation in key operational areas, and deploying data analytics to support predictive planning and real-time decision-making. These initiatives are expected to create a more scalable, technology-driven operating architecture and reinforce the Company's long-term competitiveness.

8. OUTLOOK:

The Company remains watchful of developments in the external environment, particularly tariff-related disruptions and ongoing geopolitical tensions that could affect global supply chains. The management continues to monitor these risks closely and will recalibrate business strategies, as necessary, to mitigate any potential impact on operations. Notwithstanding short-term uncertainties, the Company believes these external factors are largely transient, and the long-term growth potential of the logistics industry remains strong.

Following the completion of the merger, the Company is focused on consolidating its market position and pursuing sustainable growth opportunities. With its technological capabilities, strengthened financial profile and experienced

leadership team, the Company is well positioned to capitalise on the substantial opportunities within the sector. The Company will continue to innovate and invest in future expansion initiatives, and the proposed fund-raising plans are expected to support the next phase of growth. Supported by favourable internal factors and a large addressable market, the overall outlook remains robust.

* Figures for the financial year 2024-25 & 2023-2024 have been presented after giving effect of the Scheme of Amalgamation of LP Logistics Plus Chemical SCM Private Limited with the Company ("the Scheme") and hence the comparisons with the previous periods have to be looked at in light of the same. The Scheme, with the appointed date as 01st April 2024, was made effective from 16th October, 2025.

2. MATERIAL CHANGES & COMMITMENTS

During the financial year, a petition was filed with the Hon'ble National Company Law Tribunal, Mumbai Bench (NCLT) seeking approval for the Scheme of Amalgamation ("the Scheme") between LP Logistics Plus Chemical SCM Private Limited ("Transferor Company") and Trejhara Solutions Limited ("Transferee Company") and their respective shareholders and creditors. The NCLT vide its Order dated October 14, 2025 ("Order") has approved the Scheme and upon filing of the Order with the Registrar of Companies vide Form INC-28 and subsequent approval thereof, the Scheme has become effective on October 16, 2025 ("Effective Date"). The Appointed Date as per the Scheme was April 01, 2024 and therefore, the Financial Statements have been prepared after giving full effect of the Accounting Treatment envisaged under the Scheme. The Scheme has resulted in significant financial impacts including consolidation of assets and liabilities of the Transferor Company into the financial statements of the Company, restatement of the previous financial figures to reflect the accounting treatment as per the approved Scheme, and consequential changes in the authorized share capital structure.

Further, the Company had also sought extension of time, from the Ministry of Corporate Affairs, Mumbai, for holding the eighth annual general meeting (AGM) in order to enable the publishing of the Financial Statements after giving effect of the Scheme and accordingly, the Company has been allowed an extension of additional three months to hold the AGM.

Except for the above, there were no other material changes or commitments affecting the financial

position of the Company between the end of the financial year and the date of this Report. There has also been no change in the nature of business of the Company during the financial year 2024-25.

3. TRANSFER TO RESERVES

Having completed the merger and initiated a series of proposed acquisitions and expansion initiatives, the Board believes it is prudent to conserve financial resources to support these growth priorities. Accordingly, no dividend has been recommended for the financial year.

5. STATE OF COMPANY'S AFFAIRS

The Financial Year 2024-25 was a defining and transformative period for Trejhara. While the Company continued to deliver a strong performance as a trusted provider of innovative, IP-driven supply chain software solutions, the core narrative of the year was the successful Scheme of Amalgamation. This performance underscores the accelerating global demand for digital transformation in supply chain management, where efficiency, visibility, and agility have become critical differentiators, and Trejhara's consistent investments in product innovation continue to position it as a preferred technology partner.

Pursuant to the Scheme, the Company has prepared its financial statements for the financial year ended March 31, 2025 (FY 2024-25) after effecting the impact of amalgamation. This consolidation has resulted in a significant and positive uplift in the Company's scale and profitability.

The successful amalgamation has opened a fresh pathway for future growth, which not only deepens market reach but also diversifies revenue streams and unlocks substantial operational synergies, creating a more resilient and scalable business model. As we look ahead, the merged Company is focused on expanding its global footprint and strengthening its position within the logistics and supply chain sector. With a well-defined strategic roadmap and a strengthened operational platform Trejhara is well-positioned to deliver sustainable long-term growth, operational excellence, and enhanced value for all stakeholders.

6. SHARE CAPITAL

During the financial year, there was no change in the share capital.

Corporate Governance Report

1. Company's Philosophy on Corporate Governance

Corporate Governance is an integral part of our system, improving productivity and expansion and enhancing investor confidence. The Company's philosophy of good corporate governance aims at establishing a system which will assist the management to fulfill its corporate objectives as well as to serve the best interest of the stakeholders at large.

Trejhara's governance framework adheres to the prescribed corporate governance practices as per the Securities and Exchange Board of India ("SEBI") (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations") and has made corporate governance a practice and a process of development throughout the Organization.

The Board of Directors, together with the Executive Management, is fully committed to conducting the affairs of the Company in a manner that ensures ethical conduct, regulatory compliance, and long-term value creation for its stakeholders.

2. Board of Directors

The Board of Directors ("the Board") have the primary responsibility of enhancing stakeholder value and ensuring that the Company's strategy and objectives are aligned to sustainable growth and long term value creation. The Directors take an active part in the deliberations at the Board and Committee meetings and provide guidance and advice to the management on various aspects of business, strategy, governance, risk and compliance to ensure the fulfilment of stakeholder expectations and long term value creation.

The Company continues to remain in full compliance with the provisions stipulated under Regulations 17 to 27, read with Schedule V and clauses (b) to (i) and (t) of sub-regulation (2) of Regulation 46 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), as applicable, with respect to corporate governance.

Composition and Category of Board of Directors

The Company's Board has an optimum mix of Executive and Non-Executive Directors, in line with the applicable provisions of the Act and the Listing Regulations. All the Directors on the Board are people of eminence and bring a wide range of expertise, knowledge, and experience to the Board, thereby ensuring the best interest of the stakeholders and the Company.

The Board presently comprises of one Executive Director and five Non-Executive Directors, out of which three are Independent Directors including a woman independent director

As per Section 165 of the Act, none of the Directors on the Company's Board hold the office of Director in more than 20 companies, including 10 public companies. Further, as per Regulation 17A of the SEBI Listing Regulations, none of the Directors hold directorship in more than 7 listed entities and none of the Independent Directors serve as an Independent Director in more than 7 listed entities and in case they are Whole-Time Directors / Managing Directors in any listed entity, then they do not serve as Independent Director in more than 3 listed entities. Necessary disclosures regarding committee positions in other public companies as at March 31, 2025 have been made by the Directors in compliance with Regulation 26(i) of the SEBI Listing Regulations. None of the Directors are related to each other. Further, the Whole-Time Director does not serve as an Independent Director in any listed company. All the Non-Independent Directors, except the Managing Director, are liable to retire by rotation.

Independent Directors are non-executive directors as defined under Regulation 16(1)(b) of the SEBI Listing Regulations read with Section 149(6) of the Act along with rules framed thereunder. In terms of Regulation 25(8) of SEBI Listing Regulations, the Independent Directors have confirmed that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties. Based on the declarations received from the Independent Directors, the Board of Directors has confirmed that they meet the criteria of independence as mentioned under Regulation 16(1)(b) of the SEBI Listing Regulations and that they are independent of the management.

Navi Mumbai, Maharashtra, 400701.

I have examined the compliance of conditions of Corporate Governance by **Trejhara Solutions Limited** for the year ended on **March 31, 2025** as stipulated in Regulation 17 to 27 and clause (b) and (i) of Regulation 46 and Para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations).

Managements Responsibility

The compliance of conditions of Corporate Governance is responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure compliance with the conditions of the Corporate Governance stipulated in Listing Regulations. My examination was limited to procedures and implementation thereof adopted by the Company for ensuring Compliance with the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

Opinion

Based on my examination of the relevant records and according to the information and explanations provided to us and the representation provided by the Management, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clause (b) and (i) of Regulation 46 and Para C and D of Schedule V of the Listing Regulations during the year ended March 31, 2025, except following observation.

- 1) The related party transactions were reviewed and were in conformity with the omnibus approvals granted by the Audit Committee. However, it is observed that, in certain instances, multiple transactions with the same related party—although approved separately by the Audit Committee are, in aggregate, exceed the prescribed materiality thresholds as defined under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI LODR”).

I state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Restriction on Use

The certification is addressed to and provided to the members of the Company solely for the purpose to enable the Company to comply with requirement of aforesaid Regulations and should not be used by any other person for any other purpose. Accordingly, I do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without my prior consent in writing.

Consolidated Financial Statements

Independent Auditor's Report

To the Members of Trejhara Solutions Limited

Report on the Audit of the Consolidated Financial Statements (Post Merger)

This Report supersedes our Report dated 30/05/2025 for reasons mentioned under Note No. 43 to the Consolidated Financial Statements.

Report on the Audit of the Consolidated Financial Statements

1. Opinion

We have audited the accompanying Consolidated Financial Statements (Post Merger) of Trejhara Solutions Limited ('the Holding Company' or 'the Parent' or 'the Company') and its subsidiaries (the Holding Company and its subsidiaries together to be referred to as 'the Group'), which comprise the Consolidated Balance Sheet as at 31/03/2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year ended on that date, and notes to the Consolidated Financial Statements, including a summary of material accounting policy information and other explanatory information (hereinafter referred to as 'the Consolidated Financial Statements')

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of such subsidiaries, as were audited by the other auditor, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31/03/2025, the Consolidated Profit and Consolidated Other Comprehensive Income, Consolidated Changes in Equity and its Consolidated Cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the

Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the "Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditors referred to in 'Other matter' paragraph below, are sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements

3. Material Uncertainty Regarding Going Concern of a Indian Subsidiary Company

We draw attention to note 44 of the Consolidated Financial Statements, regarding preparation of the financial statements of the subsidiary i.e. Auroscient Outsourcing Limited on a going concern basis.

In this regard, the Statutory Auditor of the aforesaid subsidiary has drawn attention to the following matter in its audit report dated 27/05/2025.

"We draw attention to Note 23 in the financial statements, which indicates that the Company's liabilities exceeded its total assets by Rs. 5,851.17 Lakhs. As stated in Note 23, these events or conditions, along with other matters as set forth in Note 23, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter"

The Holding Company's management in the note 44 to the Consolidated Financial Statements has represented that, the Group has made an assessment of the aforesaid subsidiary's status as a going concern and based thereon has asserted that there is no impact of the above matter on preparation of its Consolidated Financial Statements on a going concern basis. Our opinion is not modified in respect of the above matter.

Independent Auditor's Report (Contd.)

4. Key Audit Matters

Key Audit Matters ('KAM') are those matters that, in our professional judgement, were of most significance in our audit of the Consolidated Financial Statements of the current audit year. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the KAM to be communicated in our report.

We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the Consolidated Financial Statements' section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Financial Statements.

Key Audit Matter	Auditors' Response
Revenue from Operations Revenue from software services is recognized based on "right to use" or "right to access" of Software as a Service (SaaS) platform available to client based on period of use as per the contractual terms. Revenue from the sale of licenses, support, and other services is recognized when the related performance obligations are satisfied. Revenue on fixed price contracts is recognized where performance obligations are satisfied over time and computed as per the input method based on the Company's estimate of contract costs. Revenue from sale of services (freight & forwarding) is recognized on accrual basis on completion of job. The application of Ind AS 115 "Revenue from Contracts with Customers" relating to certain contracts with customers involve management's judgment in (1) identification of distinct performance obligations (2) determination of transaction price of the said identified performance obligations (3) allocation of transaction price to the said performance obligations (4) determining whether the Company is acting as a principal or an agent (5) whether fixed price maintenance revenue is recognized on a straight-line basis or using the percentage of completion method, (6) basis for recognition of revenue over a period. Revenue recognition from these judgments were identified as a key audit matter and required a higher extent of audit effort. Refer Note 2.4 & 25 to the Consolidated Financial Statements.	We have obtained understanding of the systems and processes implemented by the Company and tested the effectiveness of controls relating to recording and computing revenue and associated contract assets, unearned and deferred revenue balances. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as under: <ul style="list-style-type: none"> Selected random samples of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to (a) identification of the distinct performance obligations (b) determination of whether the Company is acting as a principal or an agent (c) determination of whether fixed price maintenance revenue for certain contracts is recognized on a straight-line basis or using the percentage of completion method and (d) determination of transaction price. We performed procedures involving enquiry and observation, verification of evidence in respect of operation of these controls. Assessed the IT environment in which the business systems operate and related information used in recording and disclosing revenue in accordance with the said Ind AS. Selected a sample of continuing and new contracts and performed certain procedures. Assessed the appropriateness, accuracy and adequacy of related presentation and disclosures in accordance with the applicable accounting standards.

Independent Auditor's Report (Contd.)

5. Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Management & Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's annual report but does not include the Consolidated Financial Statements and our auditors' report thereon. The Other Information is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations.

6. Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Management and Board of Directors are responsible for the preparation and presentation of these Consolidated Financial Statements, that give a true and fair view of the consolidated financial position, consolidated financial performance including Other Comprehensive Information, Consolidated Changes in Equity and Consolidated Cash Flows of the Group in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles

generally accepted in India. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act, for safeguarding of the assets of the Group, and for preventing and detecting frauds and other irregularities; selection of the appropriate accounting software for ensuring compliance with applicable laws and regulations including those related to retention of audit logs; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

7. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when

Independent Auditor's Report (Contd.)

it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding Company, its subsidiaries which are companies incorporated in India, have adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Financial Statements or, if such disclosures

are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para 9 of the section titled 'Other Matters' in this audit report.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report (Contd.)

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

8. Other Matters

a. The Consolidated Financial Statements include the financial statements of two subsidiaries, whose financial statements/ financial information reflect Group's share of Total Assets of Rs. 5,798.97 lakhs, Group's share of Total Revenue of Rs. 2,448.42, Group's share of Total Net Profit After Tax of Rs. 37.03 lakhs, Group's share of Total Comprehensive Income of Rs.37.19 lakhs, and Group's share of Net Cash Outflow amounting to Rs. 19.40 lakhs for the year ended as on date, as considered in the audited Consolidated Financial Statements. Annexure A to Independent Auditor's Report

(Referred to in paragraph 9(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Trejhara Solutions Limited of even date.)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended 31/03/2025, we have audited the internal financial controls reference to Consolidated Financial Statements of Trejhara Solutions Limited (hereinafter referred to as "the Holding Company") which includes the internal financial controls over financial reporting of the Holding Company and its subsidiary companies (the Holding Company and its subsidiaries together referred to as "the Group") which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, and its subsidiary companies, incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to Consolidated Financial Statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements of the Holding Company and its subsidiary companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by ICAI and the Standards on Auditing, notified under section 143(10) of the Act, to the extent applicable to an audit

of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to Consolidated Financial Statements of the Holding Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that-

- i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly

Annexure A to Independent Auditor's Report (Contd.)

- reflect the transactions and dispositions of the assets of the company;
- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- iii. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in

conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, and based on consideration of reporting of the other auditors, the Holding Company and its subsidiary companies, which are companies incorporated in India, have maintained, in all material respects, an adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at 31/03/2025, based on the internal control with reference to financial statements criteria established by the respective companies, considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to the Consolidated Financial Statements, in so far as it relates to (i) the Transferor Company and (ii) its subsidiary company incorporated in India, is based on the corresponding reports of the auditors of the Transferor Company and such subsidiary company.

Our opinion is not modified in respect of the above matter.

2. Summary of Material Accounting Policies

2.1 Statement of Compliance and Basis of Preparation of Consolidated Financial Statement

i) Statement of Compliance

The Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 ("the Act"), read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, guidelines issued by the Securities and Exchange Board of India ("SEBI") and amendments issued thereafter, presentation requirement of Division II of Schedule III to the Act as applicable to the Consolidated Financial Statements and other relevant provisions of the Act.

ii) Basis of Preparation & Presentation

The Consolidated Financial Statements have been prepared and presented under historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair values or at amortised cost at the end of each reporting period, as explained in the material accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

The assets which are expected to be realised within a period of twelve months from the end of reporting period are classified as current assets. Similarly, the liabilities which are expected to be settled within a period of twelve months from the end of reporting period are classified as current liabilities. All other assets and liabilities are classified as non-current.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

All amounts included in the Consolidated Financial Statements are reported in Indian Rupees (₹ in Lakhs) except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures. Previous year figures have been regrouped/ rearranged, wherever necessary.

2.2 Basis of Consolidation

The Consolidated Financial Statements comprise the financial statements of Trejhara Solutions Limited, the Parent Company, and its subsidiaries. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary

The Group controls an investee if and only if the Group has:

- (a) Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee),
- (b) Exposure, or rights, to variable returns from its involvement with the investee, and

Notes to the Consolidated Financial Statements

(c) The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) The contractual arrangement with the other vote holders of the investee
- (b) Rights arising from other contractual arrangements
- (c) The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

The financial statements of the subsidiaries in the Group are added on a line-by-line basis and inter-company balances and transactions including unrealized gain/loss from such transactions, are eliminated upon consolidation. When the Group ceases control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary, and any related non-controlling interest and other components of equity. Any resulting gain or loss is recognized in consolidated statement of profit and loss. Any interest retained in the former subsidiary is measured at fair value when control is ceased. The consolidated financial statements are prepared by applying uniform accounting policies in use by the Group.

An associate is an entity over which the Group has significant influence, but not control or joint control over financial and operating policies. Investments in associates are accounted for using the equity method of accounting, after initially being recognized at cost. The aggregate of the Group's share of profit and loss of an associate is shown on the face of the consolidated statement of profit and loss.

Share of Non-Controlling Interest in net assets of consolidated subsidiaries is identified and presented in the consolidated statement of profit or loss, consolidated statement of changes in equity and consolidated balance

sheet respectively as a separate item from liabilities and the Shareholders' Equity.

2.3 Key Accounting Estimate and Judgements

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported balances of Assets and Liabilities, Disclosure relating to Contingent Liabilities as at date of financial statements and reported statement of Income and Expense for the period presented. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. These estimates are based on the management's best knowledge of current events, historical experience, actions that the Group may undertake in the future and on various other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates. Changes in estimates are reflected in the consolidated financial statements in the year in which the changes are made.

Significant estimates, judgements and assumptions are used for, but not limited to.

- a) Revenue Recognition (Refer Standalone Financial Statements Note no 2.2.(i))
- b) Expected credit losses on financial assets (Refer Standalone Financial Statements Note no 2.2(ii))
- c) Useful lives of Property, Plant and Equipment (Refer Standalone Financial Statements Note no 2.2(iii))
- d) Defined benefit plans and compensated absences (Refer Standalone Financial Statements Note no 2.2(iv))
- e) Provisions and contingent liabilities (Refer Standalone Financial Statements Note no 2.2(vi))
- f) Income Taxes (Refer Standalone Financial Statements Note no 2.2(vii))
- g) Other Estimates (Refer Standalone Financial Statements Note no 2.2(xi))
- h) Business Combination: In accounting for business combinations, judgment is required to assess whether an identifiable intangible asset is to be recorded

Notes to the Consolidated Financial Statements

separately from goodwill. Additionally, estimating the acquisition date fair value of the identifiable assets acquired (including useful life estimates), liabilities assumed, and contingent consideration assumed involves management judgment. These measurements are based on information available at the acquisition date and are based on expectations and assumptions that have been deemed reasonable by management. Changes in these judgments, estimates, and assumptions can materially affect the results of operations.

2.4 Revenue Recognition

Revenue from software services is recognized based on "right to use" or "right to access" of Software as a Service (SaaS) platform available to client based on period of use as per the contractual terms.

Revenue from sale of license, support and other services arising due to the sale of software products is recognized as the performance obligations are satisfied. Annual Maintenance Services revenue is recognized rateably over the period in which the services are rendered.

Revenue on fixed price contracts is recognized where performance obligations are satisfied over time and there is no uncertainty as to measurement or collectability of consideration on the percentage of completion method.

Revenue from logistics services is recognized on an accrual basis upon completion of the underlying service, being the point at which the Company has fulfilled its performance obligations and control of the service has been transferred to the customer.

Revenue accrued not billed represents earnings on ongoing fixed-price, fixed -bid and time and services contracts over amounts invoiced to customers.

Unearned and deferred revenue represents contractual billings/money received in excess of revenue recognised as per the terms of the contract.

2.4.1. Other Income

- Dividend income is recognised when the Company's right to receive payment is established.
- Interest income is recognised on a time proportion basis using effective interest rate method.

2.5 Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and directly attributable cost of bringing the asset to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. The Group identifies and determines separate useful lives for each major component of the property, plant and equipment, if they have a useful life that is materially different from that of the asset as a whole.

Gains or losses arising from derecognition of assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Property, plant and equipment under construction and not ready for use at the year-end are disclosed as capital work - in- progress and are stated at cost.

Depreciation is provided on a pro-rata basis on the straight line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013 with the exception of the following:

- Computers is depreciated in 6 years and Plant and machinery and Computer used for project is depreciated in 5 years based on technical evaluation of useful life done by the management.
- Leasehold improvements are amortized over the period of lease term or useful life, whichever is lower.
- Assets taken on lease are depreciated over the shorter of lease term or their useful lives.

The useful lives as given above best represent the period over which the management expects to use these assets, based on technical assessment. The estimated useful lives for these assets are therefore different from the useful lives prescribed under Para C of Schedule II of the Companies Act 2013.

Individual assets costing up to Rupees five thousand are depreciated in full in the period of purchase.

Notes to the Consolidated Financial Statements

The residual values, useful lives and method of depreciation of PPE is reviewed at each financial year end and adjusted prospectively if appropriate.

2.6 Intangible Assets

Intangible Assets acquired separately are initially measured at cost. Intangible assets acquired in a business combination are recognised at fair value at the acquisition date. Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any. The useful lives of intangible assets are assessed as either finite or indefinite. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues, if not, it is impaired or changed prospectively basis revised estimates.

Finite-life intangible assets are amortised on a straight-line basis over the period of their expected useful lives. The amortisation period and the amortisation method for finite-life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate. The estimated useful lives of the Software in the range between 5 to 10 years.

Research and Development costs

Research costs are expensed as incurred. Development expenditure, on an individual project, is recognized as an intangible asset when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that it will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Subsequently, following initial recognition of the development expenditure as an asset, the cost model is applied requiring the asset to be carried at cost less any accumulated amortisation and accumulated impairment losses.

Amortisation of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. Amortisation expense is recognized in the statement of profit and loss.

During the period of development, the asset is tested for impairment annually.

Goodwill is initially recognised based on the accounting policy for business combinations. These assets are not amortised but are tested for impairment annually.

2.7 Leases

The Group as a Lessee

The Group's lease asset classes primarily consist of leases for Land and Buildings and Plant & Machinery. The Group assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has the right to obtain substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.
- (iv) the Group has the right to operate the asset; or
- (v) the Group designed the assets in a way that predetermined how and for what purpose it will be used

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Notes to the Consolidated Financial Statements

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group as a Lessor

Leases under which the Group is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases.

For leases under which the Group is an intermediate lessor, the Group accounts for the head-lease and the sub-lease as two separate contracts. The sub-lease is further classified either as a finance lease or an operating lease by reference to the RoU asset arising from the head-lease.

2.8 Income Taxes

Income tax expense for the year comprises of current tax and deferred tax.

Income Tax Expenses is recognised in the Consolidated Statement of Profit and Loss, except to the extent that it relates to items directly recognised in the in equity or in other comprehensive income Foreign subsidiaries recognize current tax/ deferred tax liabilities and assets in accordance with the applicable local laws.

Current Income tax is the expected tax payable/receivable on the taxable income/ loss for the year using applicable tax rates at the Balance Sheet date, and any adjustment to taxes in respect of previous years. Management periodically evaluates positions taken in tax return with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

The Group offsets deferred tax assets and deferred tax liabilities, when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding tax base used for computation of taxable Income.

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Notes to the Consolidated Financial Statements

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity).

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961 and based on the expected outcome of assessments / appeals.

The Group uses estimates and judgements based on the relevant rulings in the areas of allowances and disallowances which are exercised while determining the provision for income tax.

2.9 **Borrowing Costs:**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.10 **Foreign Currency Transactions & Translation of Foreign Operations**

The Group's consolidated financial statements are presented in Indian Rupee (₹), which is also the Parent Company's functional currency. For each entity, the Group determines the functional currency, and items included in the financial statements of each entity are measured using that functional currency. Functional currency of each entity/foreign operation within the Group has been determined based on the primary economic environment in which that entity/

foreign operations operate in, the currency in which funds are generated, spent and retained by that entity

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date.

Non-monetary assets and liabilities denominated in foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

For the purpose of Presenting consolidated financial statements of foreign operations whose functional currency is other than Indian Rupees are translated into Indian Rupees (reporting Currency) as follows:

- a) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;
- b) income and expenses for each income statement are translated at average exchange rates; and
- c) all resulting exchange differences are recognised in other comprehensive income and accumulated in equity as foreign currency translation reserve for subsequent reclassification to profit or loss on disposal of such foreign operations. The portion of foreign currency translation reserve attributed to non-controlling interest is reflected as part of noncontrolling interest.

2.11 **Business Combination and Goodwill**

i) **Business Combinations:**

Business combinations are accounted for using the purchase (acquisition) method. The cost of an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed, and equity instruments issued at the date of exchange by the Group. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at fair value at the date of acquisition. Transaction costs incurred in connection with a business acquisition are expensed as incurred.

Notes to the Consolidated Financial Statements

The cost of an acquisition also includes the fair value of any contingent consideration measured as at the date of acquisition. Any subsequent changes to the fair value of contingent consideration classified as liabilities, other than measurement period adjustments, are recognized in the statement of profit and loss.

ii) Common Control business combinations

The Group accounts for business combinations involving entities or businesses under common control using the pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts. The identity of the reserves shall be preserved and shall appear in the financial statements of the transferee in the same form in which they appeared in the financial statements of the transferor. The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor shall be transferred to capital reserve and should be presented separately as Common Control Transactions Capital reserve.

iii) Goodwill:

The excess of the cost of an acquisition over the Company's share in the fair value of the acquirer's identifiable assets and liabilities is recognized as goodwill. If the excess is negative, a bargain purchase gain is recognized in equity as capital reserve in case a clear evidence does not exist otherwise the resulting gain is recognised in other comprehensive income on the date of acquisition and accumulated in equity as capital reserve. Goodwill is measured at cost less accumulated impairment (if any).

Goodwill associated with disposal of an operation that is part of cash-generating unit is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained, unless some other method better reflects the goodwill associated with the operation disposed of.

2.12 Assets Held for Sale and Discontinued Operations

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'Held for Sale' when all the following criteria are met:

- A. The asset (or disposal group) must be available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups)
- B. Sale must be Highly probable. Sale is highly probable if (i) management must be committed to a plan to sell the asset (or disposal group) (ii) An active program to locate the buyer and complete the plan is initiated (iii) the assets are being actively marketed at a price that is reasonable according to its current fair value, (iv) sale has been agreed or is expected to be concluded within 12 months of such classification, (v) When it is unlikely that significant changes to the plan will be made or that plan will be withdrawn.

Subsequently, such non-current assets and disposal groups classified as 'held for sale' are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

A discontinued operation is a component of the Company's business that represents a separate line of business that has been disposed of or is held for sale, or is a subsidiary acquired exclusively with a view to resale. Classification as a discontinued operation occurs upon the earlier of disposal or when the operation meets the criteria to be classified as held for sale.

2.13 Employee Benefits

i. Short-Term Employee Benefits

Employee benefits payable wholly within twelve months of availing employee service are classified as short-term employee benefits. This benefit includes salaries and wages, bonus and ex-gratia and compensated absences. The undiscounted amount of short-term employee benefits to be paid in exchange of employees' services are recognised in the period in which the employee renders the related service.

Notes to the Consolidated Financial Statements

ii. Long Term Employee Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards Provident Fund and Employees State Insurance Corporation ('ESIC'). The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which employee renders the related service.

Defined Benefit Plan

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

When the calculation results in a benefit to the Company, the recognised asset is limited to the net total of any unrecognised actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

Remeasurement which comprise of actuarial gain and losses, the return of plan assets (excluding interest) and the effect of asset ceiling (if any, excluding interest) are recognised in OCI. Plan Assets of Defined Benefit Plans have been measured at fair value.

Other Employee Benefits

The undiscounted amount of short-term employee benefits (Compensated Absence Benefits) obligation liability in exchange for the services rendered is recognized based on the service rendered by the employees in the reporting year.

2.14 Earnings Per Share (EPS)

Basic EPS amounts are computed by dividing the net profit attributable to the equity holders of the Parent Company by the weighted average number of equities shares outstanding during the year adjusted for treasury shares held.

Diluted EPS amounts are computed by dividing the net profit attributable to the equity holders of the Parent Company by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.15 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Group has a present obligation (legal or constructive), as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent Assets are disclosed only when an inflow of economic benefit is probable.

Notes to the Consolidated Financial Statements

2.16 Cash and Cash Equivalents

Cash and cash equivalents comprise cash and cash on deposit with banks and corporations. The Group considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

2.17 Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign exchange forward contracts.

1. Measurement of Fair Value of Financial Instruments

The Group's accounting policies and disclosures require measurement of fair values for the financial instruments. The Group has an established control framework with respect to measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses evidence obtained from third parties to support the conclusion that such valuations meet the requirements of Ind AS, including level in the fair value hierarchy in which such valuations should be classified. When measuring the fair value of a financial asset or a financial liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the

Inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If inputs used to measure fair value of an asset or a liability fall into different levels of fair value hierarchy, then fair value measurement is categorised in its entirety in the same level of fair value hierarchy as the lowest level input that is significant to the entire measurement. The Group recognises transfers between levels of fair value hierarchy at the end of the reporting period during which the change has occurred.

2. Recognition

Initial Measurement

Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in profit or loss. However, trade receivables, unbilled receivables and trade payables are measured at the Transaction Price.

Subsequent Measurement

(A) Financial Assets:

(i) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to the Consolidated Financial Statements

(ii) Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial Assets at Fair Value through Profit or Loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in statement of profit and loss.

(iv) Investment in Equity instruments

The Group carries certain equity instruments which are not held for trading. At initial recognition, the Company may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument in other comprehensive income (FVTOCI) or through statement of profit and loss (FVTPL). For investments designated to be classified as FVTOCI, movements in fair value of investments are recognized in other comprehensive income and the gain or loss is not transferred to statement of profit and loss on disposal of investments. For investments designated to be classified as FVTPL, both movements in fair value of investments and gain or

loss on disposal of investments are recognized in the statement of profit and loss.

(v) Derecognition

The Group derecognises a financial asset when the rights to receive cash flows from the asset have expired or it transfers the right to receive the contractual cash flow on the financial assets in a transaction in which substantially all the risk and rewards of ownership of the financial asset are transferred.

(B) Financial Liabilities

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost. Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

The Group derecognized a financial liability (or a part of a financial liability) derecognizes from the Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires

(C) Equity Instruments

An equity instrument is a contract that evidences residual interest in the assets of the Group after deducting all of its liabilities. the Group are recognized equity instruments at the proceeds received net off direct issue cost.

(D) Offsetting of financial instruments

Offsetting of financial instruments Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there

Notes to the Consolidated Financial Statements

is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.18 Impairment of assets

(i) Financial assets

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments classified as FVTOCI, trade receivables, unbilled receivables and other financial assets. Expected credit loss is the difference between the contractual cash flows and the cash flows that the entity expects to receive discounted using the effective interest rate. Loss allowances for trade receivables, unbilled receivables and finance lease receivables are measured at an amount equal to lifetime expected credit loss. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Lifetime expected credit loss is computed based on a provision matrix which takes into account, risk profiling of customers and historical credit loss experience adjusted for forward-looking information. For other financial assets, expected credit loss is measured at the amount equal to twelve months expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime expected credit loss.

(ii) Non-financial assets

The Group assesses long-lived assets such as property, plant and equipment, ROU assets and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset or group of assets may not be recoverable. If any such indication exists, the Company estimates the recoverable amount of the asset or group of assets

Goodwill is tested for impairment at least annually at the same time and when events occur or changes in circumstances indicate that the recoverable amount of the cash generating unit is less than its carrying value. The goodwill impairment test is performed at the level of cash-generating unit or groups of cash-generating units, which represents the lowest level at which goodwill is monitored for internal management purposes.

2.19 Recent Pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards which are applicable to the Company.

Gain on Divestment of Investment (Note 32.3)	–	(1,470.57)
	–	(1,233.38)

Note 32.1 The Management had announced that the business outlook for the regions in which the Company operates, was being reassessed. Such reassessment was necessitated in the wake of the changes in the business environment due to pandemic and general market conditions. The Management, wherever felt prudent, has decided to be conservative and take impairment of the assets whenever it deems it prudent. Accordingly, the Group has made impairment provision on certain assets to the extent of its realisable value. The Group has brought down the value of the assets to the extent of ₹ 11,859.20 lakhs which has been categorized as an exceptional item in the financial results during the year ended 31 March, 2024. This exceptional item represents a significant and non-recurring transaction or event that is material to the financial performance and position of the Company

Note 32.2 During the previous year, the Company completed the sale of the Interactive Communication Business (Interact DX) as a going concern and on a slump sale basis to Aurionpro Solutions Limited (Aurionpro) for an all cash composite consideration of ₹ 14,000 lakhs, which includes equally for the Company's India and Singapore businesses, following shareholder approval on 29 September, 2023 and execution of the Business Transfer Agreement (BTA) on 30 September, 2023. The Company has accounted for this transaction in accordance with Ind AS 105 "Non-current Assets Held for Sale and Discontinued Operations" and Ind AS 103 "Business Combination" and has considered the 'Agreement Effective Date', i.e. close of business hours on 30 September, 2023, as the date of transfer. The gain of ₹ 11,622.01 lakhs on slump sale business being the difference between sale consideration and net assets transferred shown as an exceptional item in the previous year statement of profit and loss.

Note 32.3 During the previous year, in furtherance to the approval received from Board of Directors and Shareholders of the Company on 09 November, 2023 and 06 March, 2024 respectively for the divestment of Aurionpro Solutions W.L.L, for an aggregate consideration of US\$ 6.5 Mn (6 March, 2024 ₹5,427.65 lakhs ; 31 March, 2025 ₹ 5,562.79 lakhs). Exceptional item includes ₹ 1,470.57 lakhs as gain on divestment of Aurionpro Solutions W.L.L.

(vii) Sensitivity Analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	As at 31 March, 2025 (Restated)	As at 31 March, 2024 (Restated)
Discount rate (+ 1% movement)	(10.73)	(9.63)

Note 40. Financial Instruments

(i) Valuation

All financial instruments are initially recognized and subsequently re-measured at fair value as described below:

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between the willing parties, other than in a forced or liquidation sale.

The fair value of investment in quoted Equity Shares, Bonds, Government Securities, Treasury Bills and Mutual Funds is measured at quoted price or NAV.

The fair value of the remaining financial instruments is determined using discounted cash flow analysis.

The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities; and

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The carrying values of the financial instruments by categories were as follows:

Notes to the Consolidated Financial Statements

Note 40. Financial Instruments (Contd.)

(ii) Financial Risk Management

The Company's business activities expose it to a variety of financial risks, namely (A) Market Risks, (B) Credit risk and (C) Liquidity risk.

The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The Company's financial liabilities comprise of borrowings, trade payable and other liabilities to manage its operation and the financial assets include trade receivables, deposits, cash and bank balances, other receivables etc. arising from its operation.

(A) Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: a) Foreign currency rate risk, b) interest rate risk and c) other price risks, such as equity price risk and commodity risk.

a) Foreign Currency Risk : Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The carrying amounts of the Company's net foreign currency exposure (net of forward contracts) denominated monetary assets and monetary liabilities at the end of the reporting period as follows:

Foreign Currency Risk from Financial Instruments as of:

(₹ in lakhs)

	As at 31 March, 2025 (Restated)		As at 31 March, 2024 (Restated)	
	USD	Other Currency	USD	Other Currency
(i) Trade Receivables	573.43	30.63	149.28	97.08
(ii) Trade Payables	(133.47)	(4.77)	(70.99)	(5.89)
(iii) Cash in Hand	1.36	-	2.67	-
Total	441.32	25.86	80.96	91.19

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments as mentioned below.

Impact of 2% increase in exchange rate -Gain/(Loss)	8.83	0.52	1.62	1.82
--	------	------	------	------

If exchange rate is unfavourably affected with Decrease by 2%, gain/ (loss) shall also accordingly be affected.

(b) Interest Rate Risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates, in cases where the borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Notes to the Consolidated Financial Statements

Note 40. Financial Instruments (Contd.)

Exposure to Interest Rate Risk

Interest rate risk of the Company arises from borrowings. The Company endeavour to adopt a policy of ensuring that maximum of its interest rate risk exposure is at fixed rate. The Company's interest-bearing financial instruments are reported as below:

(₹ in lakhs)

	As at 31 March, 2025 (Restated)	As at 31 March, 2024 (Restated)
Fixed Rate Instruments		
Financial Assets	2,024.19	1,221.59
Financial Liabilities	826.87	386.15
Floating Rate Instruments		
Financial Assets	-	-
Financial Liabilities	-	-

Fair Value Sensitivity Analysis for Fixed-Rate Instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for floating-rate instruments

Since there is not any variable-rate instruments, hence impact for the reporting period is Nil.

c) Other Price Risks

i) Equity Price Risk

The Company is exposed to equity price risks arising from equity investments which is not material.

ii) Derivative Financial Instruments

The Company does not hold derivative financial instruments

(B) Credit Risk

Credit risk arises from the possibility that the counter-party will default on its contractual obligations resulting in financial loss to the Company. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

(a) Trade Receivables

Our historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets. Credit risk has always been managed by each business segment through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

(₹ in lakhs)

The Movement in allowance for Expected credit Loss is as follows:	As at 31 March, 2025 (Restated)	As at 31 March, 2024 (Restated)
Balance at the beginning of the year	0.35	1.44
Add: Provision made during the year	0.17	-
Less: Reversal during the year	-	(1.10)
Balance at the end of the year	0.52	0.35

Notes to the Consolidated Financial Statements

Note 40. Financial Instruments (Contd.)

(b) Loans and Other Financial Assets

Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks. The Company is exposed to credit risk arising from its loans extended and other financial assets. The Company manages this risk through credit assessment procedures, ongoing monitoring of recoverability and ageing, and evaluation of the financial strength of counterparties. The maximum exposure to credit risk is limited to the carrying amount of these loans and other financial assets. The Company does not hold any collateral against these exposures.

(c) Liquidity Risk

Liquidity risk refers to risk of financial distress or extra ordinary high financing cost arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and require financing. The Company's objective is to maintain at all times optimum levels of liquidity to meet its cash and collateral requirements. Processes and policies related to such risk are overseen by senior management and management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows.

The tables below analyse the Company's financial liabilities into relevant maturities based on their contractual maturities for:

Note 44. Material Uncertainty of Going Concern of an Indian subsidiary company:

The Consolidated Financial Statements include the financial statements of the subsidiary, Auroscient Outsourcing Limited, which have been prepared by its management on a going concern basis.

As disclosed in the subsidiary's standalone financial statements, the statutory auditors of the subsidiary have drawn attention to certain financial conditions indicating a material uncertainty related to going concern, including the fact that the subsidiary's liabilities exceeded its total assets by ₹ 5,851.17 Lakhs as at 31 March 2025.

The Board of Directors of the Holding Company has undertaken an evaluation of the subsidiary's financial position, future business plans, expected cash flows, and the financial support available from the Group. Based on this assessment, the management of the Holding Company believes that:

1. the Group expects to provide necessary operational and financial support to the subsidiary, as required;
2. the subsidiary is expected to improve its financial performance and cash flows in the foreseeable future; and
3. notwithstanding the material uncertainty reported by the subsidiary's statutory auditors, the aforesaid conditions do not affect the ability of the Group to prepare these Consolidated Financial Statements on a going concern basis.

Accordingly, the Consolidated Financial Statements have been prepared on the assumption that the subsidiary will continue as a going concern and no adjustments have been made to the carrying values of assets and liabilities that may be required if the going concern assumption were to be invalid.

Independent Auditor's Report

To the Members of Trejhara Solutions Limited

Report on the Audit of the Standalone Financial Statements (Post Merger)

This Report supersedes our Report dated 30/05/2025 for reasons mentioned under Note No. 44 to the Standalone Financial Statements.

Opinion

1. We have audited the accompanying Standalone Financial Statements (Post Merger) of Trejhara Solutions Limited ("the Company"), which comprise the Standalone Balance Sheet as at 31/3/2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended on that date, and notes to the Standalone Financial Statements, including a summary of material accounting policy information and other explanatory notes for the year ended on that date (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the State of Affairs of the Company as at 31/03/2025, its Profit and the Other Comprehensive Income, Changes in Equity and its Cash Flows for the year ended on that date.

Basis for Opinion

2. We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SA's) specified under section 143(10) of the Act. Our responsibilities

under those SAs are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act, and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Key Audit Matters

3. Key audit matters ('KAM') are those matters that, in our professional judgement, were of most significance in our audit of the Standalone Financial Statements of the current year. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the KAM to be communicated in our report.

We have fulfilled the responsibilities described in the Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Standalone Financial Statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Standalone Financial Statements.

Independent Auditor's Report (Contd.)

Key Audit Matter	Auditors' Response
<p>Revenue Recognition</p> <p>Revenue from software services is recognized based on "right to use" or "right to access" of Software as a Service (SaaS) platform available to client based on period of use as per the contractual terms.</p> <p>Revenue from the sale of licenses, support, and other services is recognized when the related performance obligations are satisfied.</p> <p>Revenue on fixed price contracts is recognized where performance obligations are satisfied over time and computed as per the input method based on the Company's estimate of contract costs.</p> <p>Revenue from sale of services (freight & forwarding) is recognized on accrual basis on completion of job.</p> <p>The application of Ind AS 115 "Revenue from Contracts with Customers" relating to certain contracts with customers involve management's judgment in (1) identification of distinct performance obligations (2) determination of transaction price of the said identified performance obligations (3) allocation of transaction price to the said performance obligations (4) determining whether the Company is acting as a principal or an agent (5) whether fixed price maintenance revenue is recognized on a straight-line basis or using the percentage of completion method, (6) basis for recognition of revenue over a period. Revenue recognition from these judgments were identified as a key audit matter and required a higher extent of audit effort.</p>	<p>We have obtained understanding of the systems and processes implemented by the Company and tested the effectiveness of controls relating to recording and computing revenue and associated contract assets, unearned and deferred revenue balances. Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as under:</p> <ul style="list-style-type: none"> Selected random samples of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to (a) identification of the distinct performance obligations (b) determination of whether the Company is acting as a principal or an agent (c) determination of whether fixed price maintenance revenue for certain contracts is recognized on a straight-line basis or using the percentage of completion method and (d) determination of transaction price. We performed procedures involving enquiry and observation, verification of evidence in respect of operation of these controls. Assessed the IT environment in which the business systems operate and related information used in recording and disclosing revenue in accordance with the said Ind AS. Selected a sample of continuing and new contracts and performed certain procedures. Assessed the appropriateness, accuracy and adequacy of related presentation and disclosures in accordance with the applicable accounting standards.

Refer Note 2.3 & 25 to the Standalone Financial Statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Standalone

Financial Statements, and our auditors' report thereon. The Other Information is expected to be made available to us after the date of this auditor's report.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Independent Auditor's Report (Contd.)

5. In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.
7. In preparing the Standalone Financial Statements, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Standalone Financial Statements

6. The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements, in terms of the requirements of the Act, that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cashflows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Independent Auditor's Report (Contd.)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and the Board of Directors.
- Conclude on the appropriateness of the management's and the Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope

of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

9. In accordance with the Scheme of Amalgamation ("the Scheme") referred to in Note No. 44 to the Standalone Financial Statements, the figures for the year ended 31/03/2025 have been revised to include the financial information of the LP Logistics Plus Chemical SCM Private Limited (Transferor Company) which reflect total assets of INR 3,192.61 lakhs as at 31/03/2025, Total Revenue of INR 8,805.37 lakhs, total Net Profit after tax of INR 94.48 lakhs and total comprehensive income of INR 93.11 lakhs and Net Cash Outflows of INR 120.12 lakhs for the year ended 31/03/2025. The financial information of the Transferor Company has been

Independent Auditor's Report (Contd.)

audited by the then auditor, whose report dated 18/07/2025 expressed an unmodified opinion, has been furnished to us and relied upon by us.

The financial statements of the Transferor Company for the year ended 31/03/2025 have been prepared in accordance with IGAAP and the Transferee Company's Management has converted these financial statements from IGAAP to Ind AS and these Ind AS converted financial statements have been certified by the then auditor. We have verified the adjustments, being in the nature of elimination of transactions/balances between Transferor and Transferee Company, made by the Transferee Company's Management, consequent to the merger of the Transferor Company with the Transferee Company, to arrive at the revised figures for the year ended 31/03/2025.

10. The Standalone Financial Statements (pre-merger) of the Transferee Company for the financial year ended 31/03/2024 were audited by the predecessor auditor and they expressed an unqualified opinion in their audit report dated 23/05/2024. Pursuant to the aforesaid Scheme, the Transferee Company's Management has given necessary effects in the said Standalone Financial Statements, which have been verified by us.
11. Standalone Financial Statements (pre-merger) of the Company for the year ended 31/03/2025 were earlier approved by the Board of Directors at their meeting held on 30/05/2025 and on which we expressed an unmodified opinion vide our audit report dated 30/05/2025. Pursuant to the aforesaid Scheme, the Transferee Company's Management has given necessary effects in the said Standalone Financial Statements, which have been verified by us.

Our opinion on the Standalone Financial Statements is not modified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

Annexure B to Independent Auditor's Report

(Referred to in paragraph 13(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Trejhara Solutions Limited of even date.)

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. We have audited the internal financial controls with reference to Standalone Financial Statements of Trejhara Solutions Limited ('the Company') as of 31/03/2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Opinion

2. In our opinion, to the best of our information and according to the explanations given to us, the Company has maintained, in all material respects, an adequate internal financial controls system with reference to the Standalone Financial Statements and such internal financial controls with reference to financial statements were operating effectively as at 31/03/2025, based on the internal financial control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Management's Responsibility for Internal Financial Controls

3. The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

4. Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by ICAI and the Standards on Auditing ('SAs'), prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls with reference to the Standalone Financial Statements. Those SAs and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.
5. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to the Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.
6. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to Standalone Financial Statements of the Company.

Annexure B to Independent Auditor's Report (Contd.)

Meaning of Internal Financial Controls with reference to the Standalone Financial Statements

7. A company's internal financial controls with reference to the Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to the Standalone Financial Statements include those policies and procedures that-
 - i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and
 - iii. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

8. Because of the inherent limitations of internal financial controls with reference to the Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

9. In so far as our reporting under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of internal financial controls with reference to the Standalone Financial Statements relates to the Transferor Company, we have placed reliance on the report of the then statutory auditor of the Transferor Company dated 18/07/2025, who had expressed an unmodified opinion on such internal financial controls. Our report on internal financial controls, to that extent, is based solely on the said auditor's report. Our opinion is not modified in respect of this matter.

Notes to the Financial Statements

1. Corporate Information

Trejhara Solutions Limited ('Trejhara' or 'the Company' or "we" or "our" or "us") is a public limited company incorporated and domiciled in India and has its registered office at Unit No. 601, Sigma IT Park, Plot No. R-203, R-204 T.T.C. Industrial Estate, Rabale Navi Mumbai Thane 400701 Maharashtra, India.

The Company is engaged in providing comprehensive logistics and ancillary services, including freight forwarding and distribution solutions across various industries, with specialization in the chemical industry.. The Company operates as a Freight Forwarding agent and holds a Multimodal Transport Operator (MTO) Licence. In addition, the Company offers end-to-end integrated logistics solutions encompassing warehousing and technology-enabled supply chain management through its software platform "SCMProFit", which enables centralized management of shipments, real-time tracking, cost monitoring, and optimization of shipment level profitability.

2. Summary of Material Accounting Policies

2.1 Statement of Compliance and Basis of Preparation

i) Statement of Compliance

The Standalone Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 ("the Act"), read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, guidelines issued by the Securities and Exchange Board of India ("SEBI") and amendments issued thereafter, presentation requirement of Division II of Schedule III to the Act as applicable to the Standalone Financial Statements and other relevant provisions of the Act.

ii) Basis of Preparation & Presentation

The Standalone Financial Statements correspond to the classification provisions contained in Ind AS 1, "Presentation of Financial Statements".

The Standalone Financial Statements have been prepared and presented under historical cost basis and on an accrual basis, except for certain financial instruments which

are measured at fair values or at amortised cost at the end of each reporting period, as explained in the material accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

The assets which are expected to be realised within a period of twelve months from the end of reporting period are classified as current assets. Similarly, the liabilities which are expected to be settled within a period of twelve months from the end of reporting period are classified as current liabilities. All other assets and liabilities are classified as non-current.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

All amounts included in the standalone financial statements are reported in Indian Rupees (₹ in Lakhs) except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures. Previous year figures have been regrouped/rearranged, wherever necessary.

Post-Merger Standalone Financial Statements are approved for issue by the Board of Directors of the Company at their meeting held on 14 November, 2025. The earlier Standalone Financial Statements of the Company for the year ended 31 March, 2025 were first approved by the Board of Directors on 30 May, 2025. The earlier Standalone Financial Statements of the Company are being restated pursuant to an approved Scheme of Arrangement, the details of which are stated in Note 44.

Notes to the Financial Statements

2.2 Key Accounting Estimate and Judgements

The preparation of the standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at date of standalone financial statements and reported Statement of Profit and Loss for the period presented. Management believes that the estimates used in the preparation of the Standalone Financial Statements are prudent and reasonable. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

The areas involving critical estimates or judgements pertaining to in the respect of percentage of completion of contracts and recognition of probable loss, useful lives of property, plant and equipment, provision for income tax and valuation of deferred tax assets, fair value measurements and other provisions and contingent liabilities. Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

i) Revenue Recognition:

Revenue on fixed price contracts is recognized where performance obligations are satisfied over time and there is no uncertainty as to measurement or collectability of consideration on the percentage of completion method. Key factors reviewed to estimate the future costs to complete include estimates of future manpower costs and productivity efficiency. These estimates are assessed continually during the term of the contracts and the recognised revenue and profit are subject to revision as the contract progresses to completion. When estimates indicate that a loss will be incurred, the loss is provided for in the period in which the loss becomes probable.

ii) Expected Credit Losses on Financial Assets:

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of

collection. The Company uses judgment in making these assumptions and selecting the inputs to the expected credit loss calculation (excluding Wholly Owned Subsidiary receivables) based on the Company's history of collections, customer's creditworthiness, existing market conditions as well as forward-looking estimates at the end of each reporting period.

iii) Useful life of Property, Plant and Equipment:

The Company depreciates property, plant and equipment on a straight-line basis over estimated useful lives of the assets. The charge in respect of periodic depreciation is derived based on an estimate of an asset's expected useful life or project useful life and the expected residual value at the end of its life. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The estimated useful life is reviewed at least annually.

iv) Defined benefit plans and compensated absences:

The cost of the defined benefit plans and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The cost of compensated absences is short term in nature and valuation is derived based on outstanding employees leave balance at respective valuation period.

v) Impairment testing

Goodwill recognized on business combination is tested for impairment at least annually or when events occur or changes in circumstances indicate that the recoverable amount of goodwill or a cash generating unit to which goodwill pertains, is less than the carrying value. The Company

Notes to the Financial Statements

assesses acquired intangible assets with finite useful life for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The recoverable amount of an asset or a cash generating unit is higher of value in use and fair value less cost of disposal. The calculation of value in use of an asset or a cash generating unit involves use of significant estimates and assumptions which include turnover, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

vi) Provisions and contingent liabilities

Provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Provisions and contingent liabilities are reviewed at each balance sheet date and adjusted to reflect the current best estimates

vii) Income Taxes

The major tax jurisdictions for the Company is India. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve which can only be resolved over extended time periods. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realisation of deferred tax assets is dependent upon the generation of future taxable profits

during the periods in which those temporary differences and tax loss carry-forwards become deductible. The Company considers expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of deferred tax assets considered realisable, however, could reduce in the near term if estimates of future taxable income during the carry-forward period are reduced.

viii) Impairment of Investment in Subsidiaries

The Company reviews its carrying value of investments carried at cost (net of impairment, if any) annually or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss.

ix) Business Combination

In accounting for business combinations, estimating the acquisition date fair value of the identifiable assets acquired (including useful life estimates), liabilities assumed, and contingent consideration assumed involves management judgment. These measurements are based on information available at the acquisition date and are based on expectations and assumptions that have been deemed reasonable by management.

x) Lease

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all

Notes to the Financial Statements

relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate to the lease being evaluated or for a portfolio of leases with similar characteristics.

xi) Other Estimates

The share-based compensation expense is determined based on the Company's estimate of equity instruments that will eventually vest.

2.3 Revenue Recognition

Revenue from software services is recognized based on "right to use" or "right to access" of Software as a Service (SaaS) platform available to client based on period of use as per the contractual terms.

Revenue from sale of license, support and other services arising due to the sale of software products is recognized as the performance obligations are satisfied. Annual Maintenance Services revenue is recognized rateably over the period in which the services are rendered.

Revenue on fixed price contracts is recognized where performance obligations are satisfied over time and there is no uncertainty as to measurement or collectability of consideration on the percentage of completion method.

Revenue from logistics services is recognized on an accrual basis upon completion of the underlying service, being the point at which the Company has fulfilled its performance obligations and control of the service has been transferred to the customer.

Revenue accrued not billed represents earnings on ongoing fixed-price, fixed -bid and time and services contracts over amounts invoiced to customers.

Unearned and deferred revenue represents contractual billings/money received in excess of revenue recognised as per the terms of the contract.

Revenue from subsidiaries and related party is recognised based on transaction price which is at arm's length

2.3.1. Other Income

Dividend income is recognised when the Company's right to receive payment is established.

Interest income is recognised on a time proportion basis using effective interest rate method.

2.4 Property, Plant and Equipment

Property plant and equipment (PPE) are stated at cost less accumulated depreciation and impairment losses if any. Cost includes expenditure directly attributable to the acquisition of the asset and cost incurred for bringing the asset to its present location and condition for its intended use.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress" and are stated at cost.

Depreciation is provided on a pro-rata basis on the straight line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013 with the exception of the following:

- i) Computers is depreciated in 6 years based on technical evaluation of useful life done by the management.
- ii) Leasehold improvements are amortized over the period of lease term or useful life, whichever is lower.
- iii) Individual assets costing up to Rupees five thousand are depreciated in full in the period of purchase.

The residual values, useful lives and method of depreciation of PPE is reviewed at each financial year end and adjusted prospectively,

2.5 Intangible Assets

Intangible Assets acquired separately are initially measured at cost. Intangible assets acquired in a business combination are recognised at fair value at the acquisition date. Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any. The useful lives of intangible assets

Notes to the Financial Statements

are assessed as either finite or indefinite. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues, if not, it is impaired or changed prospectively basis revised estimates.

Finite-life intangible assets are amortised on a straight line basis over the period of their expected useful lives. The amortisation period and the amortisation method for finite-life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate. The estimated useful lives of the Software in the range between 5 to 10 years.

Research and Development costs

Research costs are expensed as incurred. Development expenditure, on an individual project, is recognized as an intangible asset when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that it will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Subsequently, following initial recognition of the development expenditure as an asset, the cost model is applied requiring the asset to be carried at cost less any accumulated amortisation and accumulated impairment losses.

Amortisation of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. Amortisation expense is recognized in the statement of profit and loss.

During the period of development, the asset is tested for impairment annually.

2.6 Leases

The Company as a Lessee

The Company's lease asset classes primarily consist of leases for Land and Buildings. The Company assesses whether a contract is or

contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has the right to obtain substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.
- (iv) the Company has the right to operate the asset; or
- (v) the Company designed the assets in a way that predetermined how and for what purpose it will be used.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing

Notes to the Financial Statements

rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a Lessor

Leases under which the Company is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases.

For leases under which the Company is an intermediate lessor, the Company accounts for the head-lease and the sub-lease as two separate contracts. The sub-lease is further classified either as a finance lease or an operating lease by reference to the RoU asset arising from the head-lease.

2.7 Income Taxes

Income tax expense for the year comprises of current tax and deferred tax. Income Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity. Foreign branches recognize current tax and deferred tax liabilities and assets in accordance with the applicable local laws.

Current tax is the expected tax payable/receivable on the taxable income/ loss for the year using applicable tax rates at the Balance Sheet date, and any adjustment to taxes in respect of previous years. Management periodically evaluates positions taken in tax return with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding tax base used for computation of taxable income.

A deferred tax Assets/ liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity).

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961 and based on the expected outcome of assessments/appeals.

The Company uses estimates and judgements based on the relevant rulings in the areas of allowances and disallowances which are exercised while determining the provision for income tax.

2.8 Foreign Currency Transactions

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognized in the statement of profit and loss.

Notes to the Financial Statements

Non-monetary assets and liabilities are measured in terms of historical cost in foreign currencies and are not retranslated.

2.9 Business Combination and Goodwill

i) Business Combinations:

Business combinations are accounted for using the purchase (acquisition) method. The cost of an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed, and equity instruments issued at the date of exchange by the Company. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at fair value at the date of acquisition. Transaction costs incurred in connection with a business acquisition are expensed as incurred.

The cost of an acquisition also includes the fair value of any contingent consideration measured as at the date of acquisition. Any subsequent changes to the fair value of contingent consideration classified as liabilities, other than measurement period adjustments, are recognized in the statement of profit and loss.

ii) Common Control business combinations

The Company accounts for business combinations involving entities or businesses under common control using the pooling of interest method. The assets and liabilities of the combining entities are reflected at their carrying amounts. The identity of the reserves shall be preserved and shall appear in the financial statements of the transferee in the same form in which they appeared in the financial statements of the transferor. The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor shall be transferred to capital reserve and should be presented separately as Common Control Transactions Capital reserve.

iii) Goodwill

The excess of the cost of an acquisition over the Company's share in the fair value of the acquiree's identifiable assets and

liabilities is recognized as goodwill. If the excess is negative, a bargain purchase gain is recognized in equity as capital reserve in case a clear evidence does not exist otherwise the resulting gain is recognised in other comprehensive income on the date of acquisition and accumulated in equity as capital reserve. Goodwill is measured at cost less accumulated impairment (if any).

Goodwill associated with disposal of an operation that is part of cash-generating unit is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained, unless some other method better reflects the goodwill associated with the operation disposed off.

2.10

Assets Held for Sale and Discontinued Operations

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'Held for Sale' when all the following criteria are met:

- A. The asset (or disposal group) must be available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups)
- B. Sale must be Highly probable. Sale is highly probable if (i) management must be committed to a plan to sell the asset (or disposal group) (ii) An active programme to locate the buyer and complete the plan is initiated (iii) the assets are being actively marketed at a price that is reasonable according to its current fair value, (iv) sale has been agreed or is expected to be concluded within 12 months of such classification, (v) When it is unlikely that significant changes to the plan will be made or that plan will be withdrawn.

Subsequently, such non-current assets and disposal groups classified as 'held for sale' are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

A discontinued operation is a component of the Company's business that represents a separate line of business that has been disposed of or is held for sale, or is a subsidiary acquired

Notes to the Financial Statements

exclusively with a view to resale. Classification as a discontinued operation occurs upon the earlier of disposal or when the operation meets the criteria to be classified as held for sale.

2.11 Employee Benefits

i. Short-Term Employee Benefits

Employee benefits payable wholly within twelve months of availing employee service are classified as short-term employee benefits. This benefits includes salaries and wages, bonus and ex- gratia and compensated absences. The undiscounted amount of short-term employee benefits to be paid in exchange of employees services are recognised in the period in which the employee renders the related service.

ii. Long Term Employee Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards Provident Fund and Employees State Insurance Corporation ('ESIC'). The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which employee renders the related service.

Defined Benefit Plan

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

When the calculation results in a benefit to the Company, the recognised asset is limited to the net total of any unrecognised actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

Remeasurement which comprise of actuarial gain and losses, the return of plan assets (excluding interest) and the effect of asset ceiling (if any, excluding interest) are recognised in OCI. Plan Assets of Defined Benefit Plans have been measured at fair value. (if any)

Other Employee Benefits

The undiscounted liability for short-term employee benefits is in the form of compensated absences and is recognized based on the accumulated leave entitlement of employees as at the reporting date, in exchange for services rendered.

2.12 Earnings Per Share (EPS)

Basic EPS amounts are computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the year adjusted for treasury shares held.

For calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.13 Provisions and Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of a past event, it is probable that an outflow of economic benefits will be required to

Notes to the Financial Statements

settle the obligation and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent Assets are disclosed only when an inflow of economic benefit is probable

2.14 Cash and Cash Equivalents

Cash and cash equivalents comprise cash and cash on deposit with banks and corporations. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

2.15 Impairment of Assets

i) Financial assets (Other than at Fair Value)

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments classified as FVTOCI, trade receivables, unbilled receivables and other financial assets. Expected credit loss is the difference between the contractual cash flows and the cash flows that the entity expects to receive discounted using the effective interest rate. Loss allowances for trade receivables, unbilled receivables and finance lease receivables are measured at an amount equal to lifetime expected credit loss. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Lifetime expected credit loss is computed based on a provision matrix which takes in to account, risk profiling of customers and historical credit loss experience adjusted for forward-looking information. For other financial assets, expected credit loss is measured at the amount equal to twelve months expected credit loss unless there has been a significant increase in credit risk from initial recognition,

in which case those are measured at lifetime expected credit loss.

ii) Impairment of Investment in subsidiaries

The Company assesses investments in subsidiaries for impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If any such indication exists, the Company estimates the recoverable amount of the investment in subsidiary. The recoverable amount of such investment is the higher of its fair value less cost of disposal ("FVLCD") and its value-in-use ("VIU"). The VIU of the investment is calculated using projected future cash flows. If the recoverable amount of the investment is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss.

iii) Non-financial assets

The Company assesses long-lived assets such as property, plant and equipment, ROU assets and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset or group of assets may not be recoverable. If any such indication exists, the Company estimates the recoverable amount of the asset or group of assets.

Goodwill is tested for impairment at least annually at the same time and when events occur or changes in circumstances indicate that the recoverable amount of the cash generating unit is less than its carrying value. The goodwill impairment test is performed at the level of cash-generating unit or groups of cash-generating units, which represents the lowest level at which goodwill is monitored for internal management purposes.

2.16 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign exchange forward contracts.

Notes to the Financial Statements

1. Measurement of Fair Value of Financial Instruments

The Company's accounting policies and disclosures require measurement of fair values for the financial instruments. The Company has an established control framework with respect to measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses evidence obtained from third parties to support the conclusion that such valuations meet the requirements of Ind AS, including level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If inputs used to measure fair value of an asset or a liability fall into different levels of fair value hierarchy, then fair value measurement is categorised in its entirety in the same level of fair value hierarchy as the lowest level input that is significant to the entire measurement. The Company recognises transfers between levels of fair value hierarchy at the end of the reporting period during which the change has occurred.

2. Recognition

Initial Measurement

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and liabilities are initially

measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in profit or loss. However, trade receivables, unbilled receivables and trade payables are measured at the Transaction Price.

Subsequent Measurement

(A) Financial Assets

(i) Financial Assets At Amortised Cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial Assets At Fair Value Through Other Comprehensive Income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial Assets At Fair Value Through Profit or Loss (FVTPL)

Financial assets are measured at FVTPL unless they are measured at amortised cost or at FVTOCI on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in the statement of profit and loss.

Notes to the Financial Statements

(iv) Investment in Equity instruments

The Company carries certain equity instruments which are not held for trading. At initial recognition, the Company may make an irrevocable election to present subsequent changes in the fair value of an investment in an equity instrument in other comprehensive income (FVTOCI) or through statement of profit and loss (FVTPL). For investments designated to be classified as FVTOCI, movements in fair value of investments are recognized in other comprehensive income and the gain or loss is not transferred to statement of profit and loss on disposal of investments. For investments designated to be classified as FVTPL, both movements in fair value of investments and gain or loss on disposal of investments are recognized in the statement of profit and loss.

(v) Investment in Subsidiaries

Investment in equity instruments of subsidiaries are measured at cost less impairment.

(vi) Derecognition

The Company derecognises a financial asset when the rights to receive cash flows from the asset have expired or it transfers the right to receive the contractual cash flow on the financial assets in a transaction in which substantially all the risk and rewards of ownership of the financial asset are transferred.

(B) Financial Liabilities

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost. Financial

liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

The Company derecognizes a financial liability (or a part of a financial liability) from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(c) Equity Instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments recognised by the Company are recognised at the proceeds received net off direct issue cost.

(d) Offsetting of Financial Instruments

Offsetting of financial instruments Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.17 Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March, 2025, MCA has not notified any new standards or amendments to the existing standards which are applicable to the Company.

Notes to the Financial Statements

Note 40. Financial Instruments

(i) Valuation

All financial instruments are initially recognized and subsequently re-measured at fair value as described below:

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between the willing parties, other than in a forced or liquidation sale.

The fair value of investment in quoted Equity Shares, Bonds, Government Securities, Treasury Bills and Mutual Funds is measured at quoted price or NAV.

The fair value of the remaining financial instruments is determined using discounted cash flow analysis.

The financial instruments are categorized into three levels based on the inputs used to arrive at fair value measurements as described below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities; and

Level 2: Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The carrying values of the financial instruments by categories were as follows:

Notes to the Financial Statements

Note 40. Financial Instruments (Contd.)

(ii) Financial Risk Management

The Company's business activities expose it to a variety of financial risks, namely (A) Market risks, (B) Credit Risk and (C) Liquidity Risk,

The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

The Company's financial liabilities comprise of borrowings, trade payable and other liabilities to manage its operation and the financial assets include trade receivables, deposits, cash and bank balances, other receivables etc. arising from its operation.

(A) Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: a) Foreign currency rate risk, b) interest rate risk and c) other price risks, such as equity price risk and commodity risk.

(a) Foreign Currency Risk : Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The carrying amounts of the Company's net foreign currency exposure (net of forward contracts) denominated monetary assets and monetary liabilities at the end of the reporting period as follows:

Foreign Currency Risk from Financial Instruments as of:

(₹ in lakhs)

	As at 31 March, 2025 (Restated)		As at 31 March, 2024 (Restated)	
	USD	Other Currency	USD	Other Currency
(i) Trade Receivables	1,171.82	30.63	507.23	97.08
(ii) Interest Receivable	349.48	-	340.41	-
(iii) Cash in Hand	1.36	-	2.67	-
(iv) Trade Payable	(133.47)	(4.77)	(70.99)	(5.89)
Total	1,389.19	25.86	779.32	91.19

(Amount mentioned above is converted into Rs at the closing exchange rate of respective currency)

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments as mentioned below.

Impact of 2% increase in exchange rate -gain/ (loss)	27.78	0.52	15.59	1.82
--	-------	------	-------	------

If exchange rate is unfavourably affected with Decrease by 2%, gain/ (loss) shall also accordingly be affected.

(b) Interest Rate Risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates, in cases where the borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

Notes to the Financial Statements

Note 40. Financial Instruments (Contd.)

Exposure to Interest Rate Risk

Interest rate risk of the Company arises from borrowings. The Company endeavour to adopt a policy of ensuring that maximum of its interest rate risk exposure is at fixed rate. The Company's interest-bearing financial instruments are reported as below:

	(₹ in lakhs)	As at 31 March, 2025 (Restated)	As at 31 March, 2024 (Restated)
Fixed Rate Instruments			
Financial Assets	2,198.42	1,029.55	
Financial Liabilities	1,280.06	815.94	
Floating Rate Instruments			
Financial Assets	-	-	
Financial Liabilities	-	-	

Fair Value Sensitivity Analysis for Fixed-Rate Instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash Flow Sensitivity Analysis for Floating-Rate Instruments :

Since there is not any floating-rate instruments, hence impact for the reporting period is Nil.

(c) Other Price Risks

i) Equity Price Risk

The Company is exposed to equity price risks arising from equity investments which is not material

ii) Derivative Financial Instruments

The Company does not hold derivative financial instruments

(B) Credit Risk

Credit risk arises from the possibility that the counterparty will default on its contractual obligations resulting in financial loss to the Company. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, current economic trends, and analysis of historical bad debts and ageing of accounts receivable.

(a) Trade Receivables

Our historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets. Credit risk has always been managed by each business segment through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

The Movement in allowance for Expected credit Loss is as follows:	As at 31 March, 2025 (Restated)	As at 31 March, 2024 (Restated)
Balance at the beginning of the year	0.35	1.45
Add: Provision made during the year	0.17	-
Less: Reversal during the year	-	(1.10)
Balance at the end of the year	0.52	0.35

Notes to the Financial Statements

Note 40. Financial Instruments (Contd.)

(b) Loans and Other Financial Assets

Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks. The Company is exposed to credit risk arising from its loans extended and other financial assets. The Company manages this risk through credit assessment procedures, ongoing monitoring of recoverability and ageing, and evaluation of the financial strength of counterparties. The maximum exposure to credit risk is limited to the carrying amount of these loans and other financial assets. The Company does not hold any collateral against these exposures.

(c) Liquidity Risk

Liquidity risk refers to risk of financial distress or extra ordinary high financing cost arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and require financing. The Company's objective is to maintain at all times optimum levels of liquidity to meet its cash and collateral requirements. Processes and policies related to such risk are overseen by senior management and management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows.

The tables below analyse the Company's financial liabilities into relevant maturities based on their contractual maturities for:

Item No. 5- Acquisition of 100% stake in LP Logistics Plus LLC, Dubai ("LP Logistics"), a Material related party Transaction

LP Logistics is engaged in the same line of business of providing end-to-end logistics solutions and general warehousing activities. This acquisition enables the Company to deepen its presence in the Middle East, a key strategic market for our logistics operations, by leveraging LP Logistics' established infrastructure,

long-standing customer relationships, and proven on-ground capabilities. The integration of LP Logistics' transport, warehousing, freight forwarding, and distribution network will allow the Company to scale efficiently, enhance service delivery, and further strengthen its regional logistics footprint. After completion of the merger, this acquisition will result in further consolidation of Trejhara's position in the industry.

It is proposed to acquire 100% of the share capital of LP Logistics through a Share Purchase Agreement (SPA). The transaction is a combination of upfront cash and a performance based earn-out. Trejhara will pay an upfront consideration of US\$ 9.50 million (approx. INR 85 Crores), and a further earn-out upto US\$ 3 million (approx. INR 27 Crores) may be paid subject to the achievement of predefined performance milestones at the end of three years from the closing date.

The proposed transaction qualifies as a Related Party Transaction since the shareholder of LP Logistics
